

## HRF DIVERSITY & EQUITY IN RESEARCH AWARD

### NOMINATION FORM

The HRF Diversity & Equity in Research Award is granted by the Health Research Foundation (HRF) of Innovative Medicines Canada. This award recognizes outstanding individuals whose research advances diverse and equitable representation in and access to health research and improves the health and well-being of all Canadians, and particularly those facing health inequities in Canada.

Recipients of the HRF Diversity & Equity in Research Award will demonstrate:

- Research excellence
- Equitable health research/breakthroughs with a significant impact on diverse and underserved populations
- Outstanding research and efforts that promote improved access to healthcare and medicines and better outcomes by removing economic, social, and other barriers
- Contributions to the creation of a more inclusive research community and society
- Research that promotes understanding and respect for diversity
- Application of rational scientific approaches to successful implementation, evaluation, and policy interventions

Nominees must be Canadian residents whose work/research has been performed in Canada and has made a truly notable contribution to diversity, equity, and inclusion in research in the health sciences, health policy and/or the improvement of therapeutics and healthcare.

More information about the award can be obtained at [www.hrf-frs.com](http://www.hrf-frs.com).
